Some Peace Returns to New York City

By MALCOLM STEPHENSON

NEW YORK (AP)—Peace has returned to two riot-torn Negro sections of New York City, but jeering white youths hurled missiles at Negro and white demonstrators outside police headquarters late Thursday night.

Police inspector Henry Yack, 59, was hit in the right eye by a stone. He was held in a hospital overnight.

An egg narrowly missed Police Commissioner Michael J. Murphy. He was cursed by the whites as they threw eggs at him.

None of the pickets protesting alleged police brutality was hit. The anti-picket crowd swelled to 1,500 as the Manhattan demonstration progressed. But only a fraction of them—Mostly teen-agers from the Italian-American neighborhood around headquarters—participated in the jeering and barrages. Firecrackers also were hurled.

The pickets, sponsored by the Congress of Racial Equality (CORE), were shielded from the barrages by wooden barriers set up by police to hold the whites out of range.

After three hours of picketing the CORE demonstrators were escorted in three groups to nearby subway stations. They were trailed all the way by hostile residents of the lower East Side neighborhood, who continued to hurl missiles at both police and pickets. A policeman was hit on the shoulder with a rock, treated at hospital and released.

Police arrested seven whites who were in an auto from which an anti-Negro placard had been flung. Six men and youths were charged with disorderly conduct. One boy was charged with juvenile delinquency and released in custody of his parents.

The seven were the first whites arrested since racial disorders broke out in the city Saturday night.

Peace returned to Harlem in Manhattan and almost complete peace to the predominantly Negro Bedford-Stuyvesant section of Brooklyn, after five nights of rioting, gunfire, looting, vandalism and hundreds of arrests.

In Brooklyn, several stores were looted and some bricks were thrown.

The city's 26,000-member police force did not relax because of the sudden calm.

Deputy Commissioner Walter Arm said police commands in Harlem and Bedford-Stuyvesant were being "stacked" with men to cope with any emergency this weekend.

"We are prepared for any eventuality and will use whatever legal means or legal force is necessary to maintain order should violence erupt," he said.

Newberry Is Speaker at Masonic Meet

Parar-Newberry of Arkadelphia, noted historian and past President of the Woodmen of the World, made history a delightful experience for those hearing him at the annual Hempstead Scottish Rite Association night at the Masonic Hall.

Briefly, he gave a personal insight of the lives and the wives of the 15 U.S. Presidents who were Masons. His talk, spiced with humorous anecdotes, emphasized the importance that Masonry and their first ladies had been in the lives of these Presidents.

In the absence of the president, George Frazier, the group was welcomed by Harry Shiver. He explained the purpose of the Scottish Rite Association dinner meetings and extended a welcome to the guests. They included Mr. and Mrs. Newberry, Scottish Rite Secretary William J. Glascock and Mrs. Glascock, of Little Rock, officers of the Clark, Nevada, and Pike County Scottish Rite Associations and their wives, and the wives of local members.

At the meeting Roy Anderson offered the invocation, and members of Chapter 328, Order of the Eastern Star, prepared a delicious meal. Crepe myrtle arranged in watermelon halves decorated the tables, and the buffet dinner was served to 72.

Ask Divorce \$16 Million Settlement

LOS ANGELES (AP)—For 55 years of marriage, Mrs. Ednah Race Capron testified, she had to make many of her own clothes, listened to her husband complain every day "of all the unpleasant things that ever happened," and was denied a nurse's care when she was bedridden last year with a broken leg.

Today, at the age of 74, Mrs. Capron has an interlocutory divorce decree and a \$16 million settlement, believed to be the largest ever.

Mrs. Capron, granted the decree in superior court Thursday, charged cruelty against her husband, a multi-millionaire George H. Capron, 79. She said he told her last year, when she broke her leg, that he would give a million dollars if someone would take her off his hands.

At the time, she testified, she didn't know he had even a million dollars, much less the \$30 million her attorneys discovered after she filed suit for divorce.

Restaurant Is Bombed in Florida

ST. AUGUSTINE, Fla. (AP)—The restaurant of a plush St. Augustine motel, prime target of integrationist activities, was badly damaged by a fire bomb today.

Manager James Brock of the Monson Motor Lodge said two one-gallon containers of inflammable liquid were thrown through the window of the restaurant, then ignited by Molotov cocktails.

Brock, who integrated his restaurant after passage of the Civil Rights Act and then segregated it again under what he termed threats by white segregationists, said he did not know who was responsible.

The incident followed a Ku Klux Klan rally near St. Augustine Thursday night attended by several hundred segregationists.

The fire was discovered at 3:15 a.m. by Gomer Bray, motel watchman, who said he heard the window shatter but did not see or hear anybody outside.

Firemen summoned by Bray quickly extinguished the flames. Brock said the fire burned part of a rug, curtains and some furnishings. He said most of the damage was caused by smoke. He estimated damage at \$3,000.

The only disadvantage to using this material is that all traffic must be kept off the material for 6 or 8 hours until the slurry has had time to set. The slurry machine will cover so much area in a day that the blocking of streets presents something of a problem. The Street Department has planned the work to cause as little interference as possible.

Auto, Bike Collide, Youth Hurt

On North Hazel Street about 7:30 p.m. yesterday an auto traveling north and driven by Cleadie Pettit of Hope struck down a youth on a bicycle.

The youth was Monroe Hardeeman, III, a 10-year-old Negro, who sustained head injuries. He was taken to a local hospital and kept overnight for observation.

Investigating Officers Burke and Stokes said the car and bike were traveling north.

Officers also report that autos driven by Becky Lewis and Thomas Yocom collided about 5:40 p.m. at Avenue A and North Pine. Very heavy damage resulted to both vehicles. City Officers Martin, Clark, Long and Prescott reported.

Downtown streets in the City of Hope will be blocked to traffic from 4 a.m. to 2 p.m. Sunday so they can be resurfaced.

Big Margin in Senate for Poverty Bill

By JOHN CHADWICK

WASHINGTON (AP)—President Johnson's bill to carry out his war on poverty has won Senate approval by nearly a 2-1 margin.

The battleground now shifts to the House, where the Rules Committee is expected to vote early next week on a similar proposal to be considered the following week.

The measure had come under heavy attack from Sen. Barry Goldwater of Arizona, the Republican presidential nominee as a "hodgepodge of programs treating only the results, not the causes, of poverty."

"It seems designed to achieve the single objective of securing votes," he said in a minority report on the bill.

Although Goldwater did not enter into the two days of Senate debate on the measure, a majority of the 33 Republican senators joined him in voting against it.

On the 62-33 roll call Thursday night that sent the bill to the House, 2 Democrats voted for and 11 against passage. The Republican line-up was 10 for and 22 against. Sen. Peter H. Dominick, R-Colo., the only absent GOP member, was announced as against passage.

Southern Democrats split about evenly. Before the \$947.5 million bill was passed, two states rights amendments were adopted giving governors a veto over establishment of some of the proposed projects in their states.

A third, which would have let governors veto aid for community action programs, was defeated by a single vote.

Sen. Frank J. Lausche, D-Ohio, also won adoption of an amendment shaving \$15 million off the total originally authorized for the first year. This was cut from \$50 million proposed for loans and grants to combat poverty in rural areas.

But the many-sided bill emerged from the Senate substantially intact.

The bill would authorize \$412.5 million for programs designed to increase the education, training and work experience of young men and women. Included is a provision for establishment of a job corps in which youths in the 16-12-year age bracket could enroll and be assigned to conservation camps or resident training centers.

Authority also is provided for the government to finance part-time employment for college students and for youths who want to complete their secondary schooling or take vocational training.

Another major part of the measure would authorize appropriation of \$315 million to pay up to 90 per cent of the cost of financing anti-poverty programs carried out at the community level.

These community action programs could include employment.

Goldwater, LBJ to Talk Over Rights Issue

By WLATER R. MEARS

WASHINGTON (AP)—Against a backdrop of harsh words, Republican presidential nominee Barry Goldwater talks with President Johnson today about steps "to avoid any inflating of trouble" over civil rights in the presidential campaign.

"I don't want to exploit the campaign in any way that will cause disorder," the Arizona senator said Thursday night.

He talked with newsmen just after he had voted against Johnson's \$947.5-million program to combat poverty. It passed 62 to 33.

Goldwater said he is not going to propose a formal agreement with Johnson to keep the explosive side of civil rights out of politics in the months ahead. And he said he does not want to discuss the new Civil Rights act, which he opposed in the Senate.

What he wants, Goldwater said, is a "broad discussion on the campaign and what we both can do to avoid any inflating of trouble."

Goldwater sought the White House session.

To prepare for it, he called a huddle of his research advisers or a discussion of the message he will carry to the President.

Goldwater has said he wants to give the civil rights law a chance to work, even though he voted against it on grounds its sections on public accommodations and equal employment are unconstitutional.

Goldwater has, in effect, dared Johnson to make an issue of civil rights. Hours before he won the Republican nomination, the Arizona senator said in San Francisco:

"Having opposed civil rights until this year, let him make an issue of it. I'll just repeat back to him—the thousands of words he has spoken."

"Lyndon Johnson is the biggest faker in the United States," Goldwater added. "Let him make an issue of it. He's the phoniest individual that ever came around."

Despite his criticism of the new law, Goldwater has declared himself "unalterably opposed to discrimination of any sort," and has said he will not inject civil rights tensions into the campaign.

And White House press secretary George Reedy said Johnson "would not do anything to incite or inflame tensions."

Star Abandons Election Party

The Star will not hold an election party as in the past due to the diminishing crowds in recent years. The election will be covered directly from the County Clerk's office at the Courthouse where officials turn in the ballot boxes directly following the precinct count. A complete report on how each Hempstead precinct voted as well as statewide results will be published Wednesday.

Radio Station KXAR will broadcast returns as each box reports on election night. Election officials are asked to please bring boxes to the Clerk's office as soon as a count can be made.

 tion 20 of an inch.

By THE ASSOCIATED PRESS
 Typical late July weather is
 in stor e Arkansas this week-
 end, the U. S. Weather Bureau
 said today.

This means clear to partly
 cloudy skies, heat and humidity.
 Only a few scattered showers or
 thundershowers will break the
 heat, the bureau said.

Maximum temperatures gen-
 erally in the 90s are forecast
 through Sunday with overnight
 low readings mostly in the 70s.

The bureau said a weak cold
 front may move into southern
 Missouri by Saturday night, but
 it will have little effect on north-
 ern Arkansas.

Rookie Clouts 2 Homers, Single for Athletics

By MURRAY CHASS
Associated Press Sports Writer

Berto Campaneris, a 21-year-old Cuban, made an emergency overnight trip to join the Kansas City Athletics, who had lost shortstop Wayne Causey in a baseline accident.

Shortly after arriving Thursday, Campaneris clouted two homers and a single, driving in three runs, as the Athletics nipped Minnesota 4-2 in 11 innings. The rookie also walked and stole a base while the Twins dropped their eighth consecutive game.

In the first inning, in his first major league time at bat, Jim Kaat's first pitch came in, and Campaneris slammed it over the left field fence.

That made the shortstop only the sixth player in major league history to hit a home run on the first pitch.

Then in the seventh inning, he again hit a Kaat pitch over the left field fence, this time with a man on. That hit gave him the distinction of being only the second in modern history to hit two homers in his first game.

Bob Nieman did it with the St. Louis Browns in 1951.

Curiously enough, one of the other five players to hit a first pitch homer was Hoyt Wilhelm. The veteran pitcher got a key single Thursday in Chicago's 2-1 victory over Los Angeles in another 11-inning contest.

Elsewhere in the AL, Washington edged New York 2-1, Baltimore trounced Cleveland 7-1 and Boston trimmed Detroit 4-3.

In the National League, Philadelphia outlasted Milwaukee 13-10 in 10 innings, Chicago trampled San Francisco 13-4, Cincinnati nipped New York 5-4, Pittsburgh defeated St. Louis 8-5 and Los Angeles edged Houston 5-4.

Campaneris' second homer tied the game 3-3 after Harmon Killebrew's 34th homer with two aboard gave the Twins a 3-1 lead in the sixth inning. Doc Edwards won it for the Athletics with a homer off Gerry Arrigo

Cubs Batter Giants, Phils Extend Lead

By MIKE RATHET
Associated Press Sports Writer

Billy O'Dell went out to the mound Thursday for San Francisco, retired Chicago's Billy Cowan on a grounder to start the game — and then didn't get out of trouble until he got under a shower seven innings and 12 runs later.

The Cubs finished off a 13-4 triumph against Jim (Toots) O'Rourke, dropping the Giants two games behind the National League leading Philadelphia Phillies — the biggest edge either contender has had since June 21.

While he was in there, O'Dell was tagged for 11 hits, including three homers, three doubles and a triple. The homers were hit by Billy Williams, Len Gabrielsen and pitcher Lew Burdette, who also touched O'Dell for a triple and a single.

While the Cubs slowed down against Buffalo — only five hits in two innings — Burdette kept at a good thing and smacked another single for four hits on the day. Asked when he had last collected four hits, Burdette said:

"In 1921."

The Phillies, meanwhile, played ricochet with Milwaukee and finally defeated the Braves 13-10 in 10 innings. Third-place Cincinnati ended a five-game losing streak to New York by beating the Mets 5-4. Pittsburgh hammered 16 hits for an 8-5 victory over St. Louis and the Los Angeles Dodgers edged Houston 5-4.

Washington downed the American League leading New York Yankees 2-1, the Chicago White Sox edged the Los Angeles Angels 2-1 in 11 innings, Baltimore thumped Cleveland 7-1, Kansas City edged Minnesota 4-3 in 11 innings and Boston defeated Detroit 4-3.

While O'Dell was laboring, Burdette was breezing. He had a 12-0 lead before the Giants scored, eventually was tagged for homers by Orlando Cepeda and Jim Hart but had little difficulty bringing his record to 7-2. It was his sixth victory since he was traded to the Cubs by St. Louis.

Johnny Callison hit two homers for the Phillies, accounting for five runs, and Gene Oliver and enis Menke connected for the Braves before the tie lead changed hands three times in the last two innings.

In the 10th, winning pitcher Jack Baldschun singled and Richie Allen, who had made two costly errors in the eighth and ninth, beat out an infield hit. Coogie Rojas followed with a two-run double that snapped the tie. Rojas eventually scored on two passed balls by catcher Ed Bailey.

The Reds beat the Mets with the aid of two errors; the deal-run scoring in the sixth on errors by Rod Kanehl and Charlie Smith sandwiched around a single by John Edwards.

Reds' starter Jim Maloney checked the Mets on five hits and struck out nine in six innings before he had to leave with a strained back. Bob Purk-

Phillies Call Another Player

LITTLE ROCK (AP) — Alex Johnson, who hit 21 home runs in 90 games with Arkansas this season, was called up Thursday by the Philadelphia Phillies.

Johnson, a 21-year-old left fielder, had driven in 71 runs on 113 hits and a batting average of .322, including 19 doubles and seven triples.

He was the second slugger the National League leaders had recalled from the Pacific Coast League team. The Phillies pulled up Costen Shockley last

The Red Sox easily defeated the Braves 15-2 with Boyett aiding his cause with a double and a homer. Huddleston was the loser.

Due to completion of Little week. They also took John Booser, who had an 81 pitching record.

The Indianapolis Arkansas series, scheduled to begin Thursday night, was postponed until tonight because of wet grounds. They'll play two to open the series.

NOTICE TO THE VOTERS IN THE CITY OF HOPE

Because of the increase in the number of votes cast in Ward 1 and Ward 4 of the City of Hope, Arkansas, it was necessary to increase the number of voting precincts for said wards. Therefore, the Hempstead County Democratic Central Committee and the Hempstead County Board of Election Commissioners added two precincts to Ward 1 and one precinct to Ward 4.

The four (4) voting precincts in Ward 1 are designated as follows:

WARD 1-A

All Voters residing in Ward 1 North of 9th Street and West of Edgewood Street will vote at the Hope Fire Station.

WARD 1-B

All voters residing in Ward 1 North of 9th Street, if extended, and East of Edgewood Street will vote at Tol-E-Tax Company.

WARD 1-C

All voters residing in Ward 1 South of 9th Street, if extended, and East of Edgewood Street will vote in the building next to Weston Green's Grocery & Market on the Rosston Road.

WARD 1-D

All voters residing in Ward 1 South of 9th Street and West of Edgewood Street will vote at Jones' Field House on the Hope High School Grounds.

WARD 2

Both of the Precincts in Ward 2 (Ward 2 and 2-A) will vote in the Hempstead County Court House. All voters residing in Ward 2 and East of Grady Street, vote at Box One in Court House and all voters residing in Ward 2 and west of Grady Street vote at Box Two in Courthouse.

WARD 3

All voters residing in Ward 3 will vote in the W.O.W. Hall on N. Elm St.

The two precincts in Ward 4 are designated as:

Ward 4-A-Ward 4-B

WARD 4-A

All voters residing in Ward 4 and West of a line beginning at the intersection of West Avenue "A" with North Main Street and run thence North, on North Main Street, to East Avenue "D"; thence East, along East Avenue "D", to North Hazel Street; thence North, on North Hazel Street, to East Avenue "H"; thence East, on East Avenue "H", to North Walker Street; thence North, along North Walker Street, to the North boundary line of the City Limits of the City of Hope, Arkansas, will vote in the City Hall

WARD 4-B

All voters residing in Ward 4 and East of a line beginning at the intersection of West Avenue "A" with North Main Street, and run thence North, on North Main Street, to East Avenue "D"; thence East, along East Avenue "D", to North Hazel Street; thence North, on North Hazel Street, to East Avenue "H"; thence East, on East Avenue "H", to North Walker Street; thence North, along North Walker Street, to the North boundary line of the City Limits of the City of Hope, Arkansas, will vote at Garrett's Cafe located at 115 North Hazel Street.

At the last primary election there were more than 1,000 votes cast in Ward 1. The law authorizes the Democratic Central Committee to provide additional precinct where more than 100 votes are cast in a precinct (Section 3-232 A.S.A.)

There were more than 500 votes cast in Ward 4, at the last primary election.

Hence, with the new precincts, the election officials will be able to count the votes and make their returns much earlier than they have been able to do in the past.

It is very important that the voters cast their ballot at the precinct in the area where they reside. To be a legal ballot the voter must cast his ballot in the precinct where he resides.

The White Sox broke Dean Chance's scoreless pitching string at 27 innings with a run in the first but had to wait 10 more innings for the triumph. A double by Felix Torres and Bobby Knop's single tied the game in the Angels' eighth.

Then in the 11th, Mike Hershberger walked, went to second on Wilhelm's single and scored on Tom McCraw's single.

The Yankees held a 1-0 lead until the eighth. At that point the Senators loaded the bases on a double and two walks, and pinch hitter Jim King lashed a single, driving in two runs.

The Orioles moved to within five percentage points of the first-place Yankees behind Roberts, Sam Bowens and Dick Brown.

Roberts pitched a five-hitter for his eighth victory against four defeats. Bowens drove in four runs with a two-run single in the first inning and a two-run

Faubus Hits New York Racial Riots

By THE ASSOCIATED PRESS

Gov. Orval E. Faubus, waving newspaper clippings about race riots in New York City, told a cheering crowd of 2,000 in Texarkana Wednesday night that Northerners should "clean up their own yards." He charged that Winthrop Rockefeller is an agent of Northerners who are out to get Faubus out of office. The crowd roared its approval when Faubus, waving the clippings, blasted the North because of Negro riots in Harlem.

"This is New York City and New York state," Faubus said. "And this is the state where people point their finger at Arkansas and Mississippi and send beatniks down here to try and tell us how to solve our problem."

The governor showed little concern about his three opponents in next Tuesday's Democratic primary. He did not mention them except indirectly, when he said Northerners have "sent somebody down here to try to get me out. I'm not referring to my present opponents, so you must know who I'm referring to."

His present opponents are Joe Hubbard of Russellville, Odell Dorsey of Sheridan and R. D. Burrow of Walnut Ridge. Faubus obviously was referring to Rockefeller, the Republican candidate for governor and a former New Yorker.

Hubbard, Dorsey and Burrow said in interviews with The Associated Press that Faubus will be forced into a run off in Tuesday's election. Hubbard and Dorsey said they were sure that they would get Faubus into a runoff. Hubbard said he might be the man in the runoff with Faubus.

Faubus concentrated on racial unrest during his speech at the Texarkana political rally.

"I saw where the president finally got around to sending FBI agents to New York," he said. "They could send all the

agents they've had in the South for the last few years and they still couldn't do anything about all the crime they have up there. They've got a thousand more things wrong up there than we have."

Dorsey also spoke at Texarkana, but he arrived late because of bad weather, and by the time he spoke most of the crowd had gone.

Dean Murphy of Hope, candidate for 4th District congressman, also spoke. He continued to question the purchase and resale of stock by Rep. Oren Harris, D-Ark., in an El Dorado television station. Harris has denied Murphy's allegations. Several businessmen familiar with the transaction have publicly backed Harris' story.

While Faubus' foes have said he would be in a runoff, all also said Faubus would lead the ticket. Their estimates of his vote strength ranged from 40 per cent (burrow), to 45 per cent (Dorsey) to between 40 and 45 per cent.

Faubus got 51 per cent of the vote in the 1962 primary against a field of five opponents, including former Gov. Sid McMath and former Rep. Dale Alford.

Political theorists say most of the votes cast for the challenging candidates are votes against the incumbent, and indicate public dissatisfaction with him.

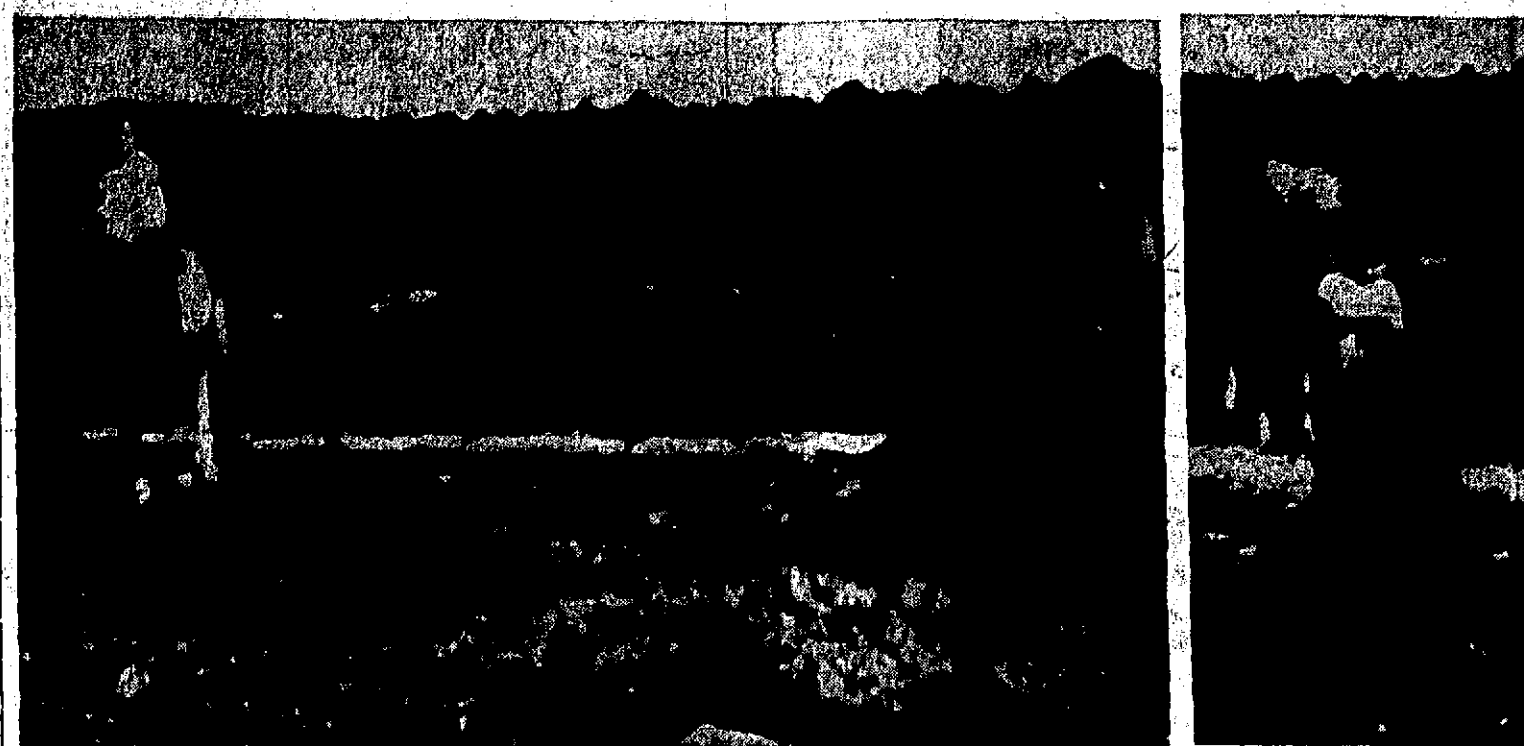

"I've been all over Arkansas with a fine tooth comb and he's (Faubus) definitely down from two years ago," Burrow said.

Burrow said machine politics was the major issue. Hubbard said it was adaptation of the civil rights law. Dorsey said there was no single major issue, but several, including Faubus' bid for a sixth term "and control of the state, which is closely associated with it."

Dorsey said Faubus wants the civil rights issue to be the main one because "he wants an emotional issue."

Admiral Robert E. Peary made six attempts to reach the North Pole before he finally succeeded on April 6, 1909.

Biologists Dreaming Up Supermen

By FRANK CAREY

Associated Press Science Writer WASHINGTON (AP)—Navy biological scientists are seriously dreaming of some day making men "temporarily superhuman" in strength and muscular control by giving them chemicals, it was disclosed today.

They also are speculating about eventual development of: —"Skin farms": these would be vast supplies of human skin, grown from individual skin cells in special chambers, and kept in readiness for use in mass disasters.

—"Instant acclimatization": the ability to make a fighting man adjust to the terrific heat

of a desert in minutes or hours rather than in days or weeks by giving him special drugs.

These are concededly long range ideas, whose realization could come only from breakthroughs on tough research problems still under intensive study. They were outlined in a special issue of "Naval Re-

search Reviews," a publication of the Office of Naval Research.

In one report, Dr. Robert K. Jennings, head of ONR's biochemistry branch, described basic research to explain the chemistry of muscle action.

Among the possible benefits if this research is successful, he

said:

"We may be able to deal more effectively with (muscle and nerve) poisons an enemy might employ against us; we may be able to treat diseases which incapacitate men today; and we may even learn how to create men who are temporarily superhuman in their strength

and muscular control to deal with emergencies without being harmed."

Jennings also told of pioneering studies on the cultivation of growth of animal and human cells outside the body.

"Such cultures develop characteristics which are not exactly like the cells and tissues found in the body. When enough has been learned about the factors which control the growth and differentiation of, let us say, skin cells, it may be possible to have 'skin farms' to which the physician can turn for replacement parts when large numbers of casualties are brought to him after natural or man-made holocausts."

Dr. Leonard M. Libber, chief of ONR's physiology branch, outlined the theoretical concept of drug-induced "instant acclimatization" for men suddenly transported by aircraft from a temperate climate into the searing heat of a desert.

In the quest for such a breakthrough, he said, scientists at the Naval Medical Research Institute, Bethesda, Md., are doing basic research on the hypothalamus—the body's ingenious thermostat—to determine how this brain organ transmits information to the nervous and chemical messengers of the body.

ONR is supporting related investigations of techniques whereby various drugs are injected directly into the area of the hypothalamus.

Most mammals grow two sets of teeth during a lifetime.

Hope in Time Tame the Shrew

WASHINGTON

Government scientists have tamed the shrew—animal—as a possible new aid in cancer research.

They said today that the candidate, the mouse-like shrew of east India and closer to man on the evolutionary scale than either rat or mice.

While Shakespeare made the scolding woman synonymous with the shrew, the Health Service described the half-pound tree shrew as ready to settle down and have babies.

The National Cancer Institute announced it had awarded a research contract involving the shrews to Tulane University at Covington, La.

The objective is "to investigate the suitability of the shrew or laboratory studies of viruses that may cause human cancer."

Train Kills 19 Head of Cattle

AURORA, Ill. (AP)—A Burlington Railroad passenger train killed 19 head of cattle Thursday when they wandered onto the tracks from the ranch of Henry Steele.

Two animals were thrown from the tracks over a railroad onto Illinois Highway 31, blocking traffic.

Hibernia is an old name for Ireland.

The Channel 10 Scandal

Dr. Joe F. Rushton and W. M. Bigley of Magnolia, in advertisements Sunday, said Oren Harris bought 50 shares of the 1,500 authorized shares in Channel 10 at El Dorado. They admit that they asked him to buy it. Why him? Why a member of Congress and head of the committee that controls the TV industry? They said he later turned his stock back "on the same basis he purchased it." But they didn't say how much money he paid for it, and they didn't say how much money he received for the stock.

The truth of the Channel 10 Case is contained in the column below. As a lawyer, Oren Harris knew he had legal recourse if he had been wronged. In becoming a financial partner in the ownership of a television station, under any circumstances, while heading the Congressional Committee which regulates the television industry, Oren Harris misused his power and influence. On the very surface, he is guilty of a conflict of interests. He broke the trust the people placed in him. His financial and political wheeling and dealing have come home to roost.

And are the memories of the Magnolia Millionaires so short that they couldn't recall how much of Channel 10 Mr. Harris really owned—or how much he paid for it or sold it for?

The Washington Merry-Go-Round

By Drew Pearson

Conflict of Interest

While Congress is investigating conflicts of interest, some of its own members have been caught in shocking conflicts that would have caused an Administration official to be fired. Latest example is Arkansas' affable Congressman Oren Harris, who bought a quarter interest in a television station at the same time he passes on television legislation.

What's more, he paid only \$5000 for 25 per cent of KRBB-TV at El Dorado, Ark., which is probably the year's biggest television bargain. He couldn't have done better on one of TV's top quiz shows.

Of course, Harris happens to be chairman of the powerful House Commerce Committee, which not only handles all television legislation, but also has power over the Federal Communications Commission. In fact, he personally presides over the Communications Subcommittee which deals directly with TV matters.

This means the FCC, which regulates TV stations, must come to Harris for legislative favors. To put the agency even more under his thumb, he recently formed a special subcommittee to investigate the FCC.

Obviously, Harris would be a terrific asset for any television station. The FCC would

think twice about turning down a request from a station partly owned by him.

This may explain how he was able to buy one fourth of KRBB-TV at such a remarkably low price. FCC records show the station's "net capitalization" is \$150,000. One fourth of \$150,000 is considerably more than Harris' \$5000 purchase price.

The records also show that the station cost an estimated \$110,000 to build.

Significantly, Congressman Harris is now pushing an application to increase KRBB's power from 24,000 to 318,000 watts, which will make the station worth over \$350,000.

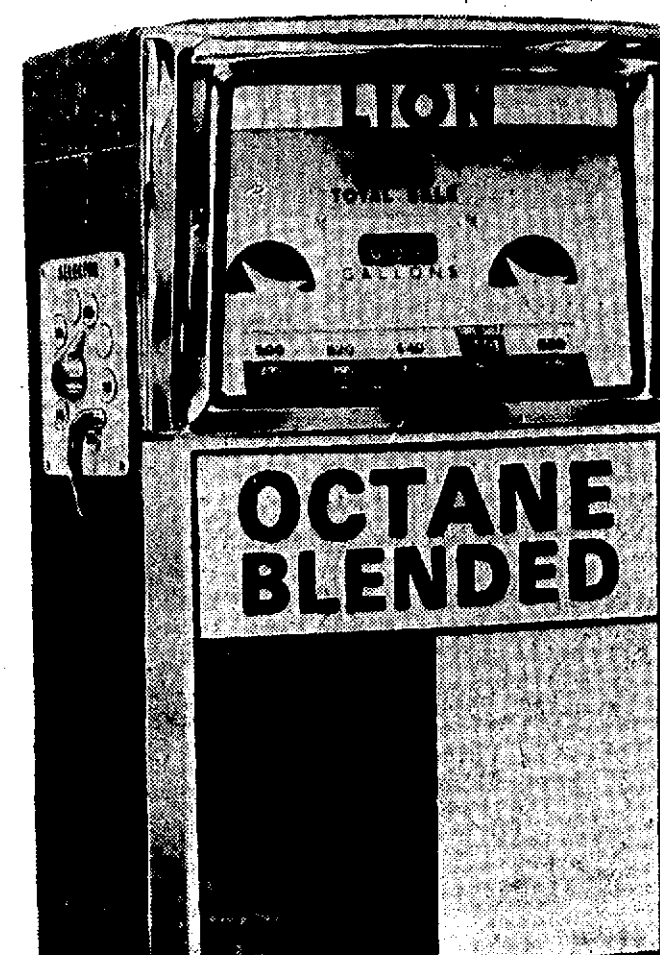

KRBB-TV is the only television station in south Arkansas and has its choice of network programs. It can be picked up by 325,000 sets, which gives it an estimated viewing audience of 800,000. In other words, Harris is buying into a valuable piece of property for his trifling \$5000.

Dr. Joe Rushton, KRBB-TV president, explained to this column that the station is still in debt, so Harris' bargain is not as big as it appears. He offered Harris a quarter interest because they are boyhood friends, he said, and because Harris helped get the station started.
